# Community Integrated Pest Management

Providing safe and effective solutions for where you live, work, learn and play

**IPM** New York State Integrated Pest Management Program

**Cornell University**  
Cooperative Extension

## Community IPM Program

Traveling and concerned about bed bugs?

Worried about damage to your sports field?

Spotted a cockroach in your kitchen?

Located mouse droppings in your desk?

Heard a squirrel in the attic?

Swatting mosquitoes on your patio?

## We Can Help!

The Community IPM Program develops sustainable ways to manage pests where people live, work, learn, and play. We use methods that minimize environmental, health, and economic risks.
